

Changing Your Password

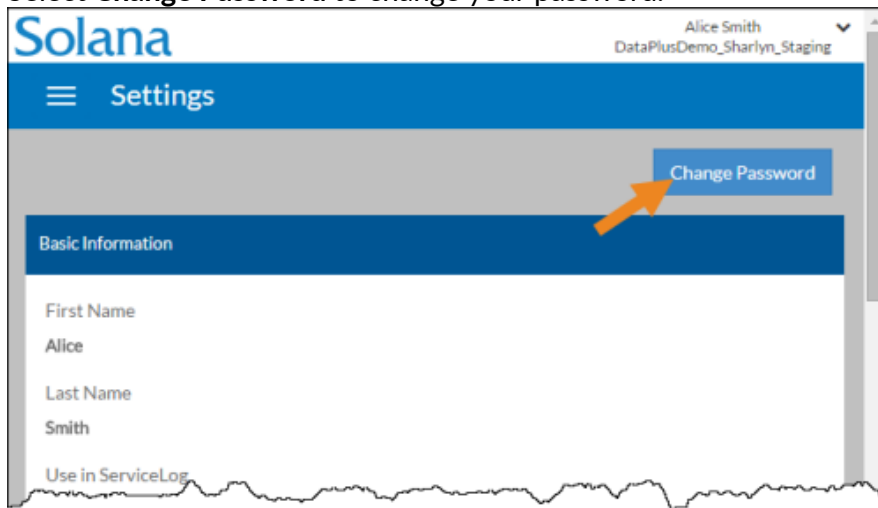

To change your password:

TASK:

1. Select the arrow next to your username in the top right corner and select **User Settings**.

2. Select **Change Password** to change your password.

STEP RESULTS: The **Change Password** pop-up opens.

A screenshot of a 'Change Password' pop-up window. The window has a blue title bar with the text 'Change Password' and a close button (X). The main content area contains the instruction 'Enter current and new password to change your password.' followed by a sub-heading 'To make your password more secure:' and three bullet points: 'Use a password other than a single dictionary word.', 'Use a phrase with multiple words with spaces to make it easier to remember.', and 'Use a password different from other services or accounts.' Below these are three input fields: 'Old Password' (highlighted in yellow), 'New Password', and 'Confirm New Password'. At the bottom right, there are two buttons: 'Cancel' and 'Save'.

3. Enter your **Old Password**, **New Password**, **Confirm New Password** and click **Save**.
